Not registered this year but participated in previous years. I supported the cause by purchasing many, many raffles this year. SHEF does a lot for our district.

Love that ! Do you have any pictures from previous years you can share ?

I may..Will have to check my archives. 😊

Have any summer plans set ?

I work every summer at the Y's summer camp. I love being around the children. Many of our South Huntington families attend.

That's great!

What's a fun fact many people at south Huntington don't know about you?

I am a double winner...a South Huntington staff member and the mother of a 2016 Whitman graduate. Megan went on to earn her bachelor's degree from SUNY Purchase and now works full time at the Y. I am extremely proud of her and honored to be her mom.
