Hi Miss Weis! Welcome to faculty feature Friday! 🥳  
What's your position in south Huntington and how long have you been teaching ?

Hello! I've worn several hats in South Huntington. This year I am a grade 3 remote teacher and technology mentor, but in years past I have been a literacy specialist!

Wow! So many 🎩 🎩 🎩

And your husband also works for south Huntington correct ?

Yes he does! He is the proud owner of Revamp Agency! He worked hard with the entire South Huntington team to develop our new website as well as the SHEF website. He's very talented! 💻

Wonderful! How do you like the new website ?

I love the updated website! I also

I love the updated website! I also love how each educator can maintain their own Google page to share with the community. It's been a great upgrade!

How has the transition been from in person teaching to full virtual teaching for you?

I was very fortunate that I took advantage of an opportunity made available through the SH Teacher's Center and obtained my Advanced Graduate Certificate in Educational Technology from Stony Brook pre-pandemic. It prepared me so well for the experience of virtual teaching and keeping up with ever-changing technology. I am thrilled to share, as a technology mentor, my experiences with our school community. I also have made such great connections with the families of my students. Technology has increased our communication!

Wow! How lucky are we ? That's great to hear

Are you registered for Miles for Michael?

Thank you 😊

My family and I are proud supporters of SHEF and will be participating in Miles for Michael! This annual event is SO important to our school community... as is SHEF!

Yes! How did you and your family get involved in SHEF ?

At first, my school was looking for a faculty liaison. I offered to participate... but once I attended meetings I knew my family and I wanted to become involved even more! My husband offered to create their current website, and I became a trustee. This year I introduced two new initiatives through SHEF. These were Project Button and Virtual BINGO night. I have been so thankful to have the support to bring these to our community!

Can you tell me more about project button and virtual bingo night ?

Liz Weis >

Sure! ...

Project Button began at the beginning of the year. Each staff member was offered a large button with a picture of their smiling face! The thought was that students (especially young students) headed back to school may feel a little uneasy never being able to see their teacher's face behind a mask. This gave them the opportunity to see their teachers!

What a great idea

Thank you! We hope it brought some comfort to students during a time of transition!

Absolutely!

Virtual BINGO was a fundraising event. Countrywood and Maplewood families participated in several rounds of a fully virtual event! Everyone on the team was so helpful in making it possible! From technology, to prize packs, to

So fun!

It was! We played here at the Weis home too!

HA  
HA

What's your family's favorite meal you prepare for them?

That's a tough one! I think my husband would say lasagna, but my son would say spaghetti and meatballs!

I love to cook... and so does my son.

Love that!

Send me the last GIF you used

Hahahahaha

I told you I like to cook!

What's your favorite comfort food

Chocolate Carvel Ice Cream hands down! 🍦 🙌

And finally , who would you like to see interviewed next on Faculty Feature Friday ?

Hmmmm.... We have so many talented and interesting faculty

And finally , who would you like to see interviewed next on Faculty Feature Friday ?

Hmmmm.... We have so many talented and interesting faculty members. Next, I'd like to see Ms. Wilcox interviewed! She's a gifted educator with a beautiful heart! 💙

Thanks so much Liz ! Talk soon!

Delivered

You're welcome!
