Good morning Mr. Principe !  
Welcome to Faculty Feature Friday

Tell us your role and how long  
you've been with SHSD

I started with South Huntington Schools on 12/19/88. I started out as maintenance mechanic taking care of all of the kitchen equipment. I also did all of the air conditioning in the district. Along with that I did all of the lock smithing. As time went on I began working on a little of everything from boilers to plumbing to electrical... I took the lead maintenance position about 9 years ago and have been doing this since.

And we are so grateful for you!  
Thank you for all you do 👍

Describe yourself when you were in  
high school in 3 words

Quiet, funny, athletic

Did I mention short! 😂

Hey, that's 4 words ! No cheating !

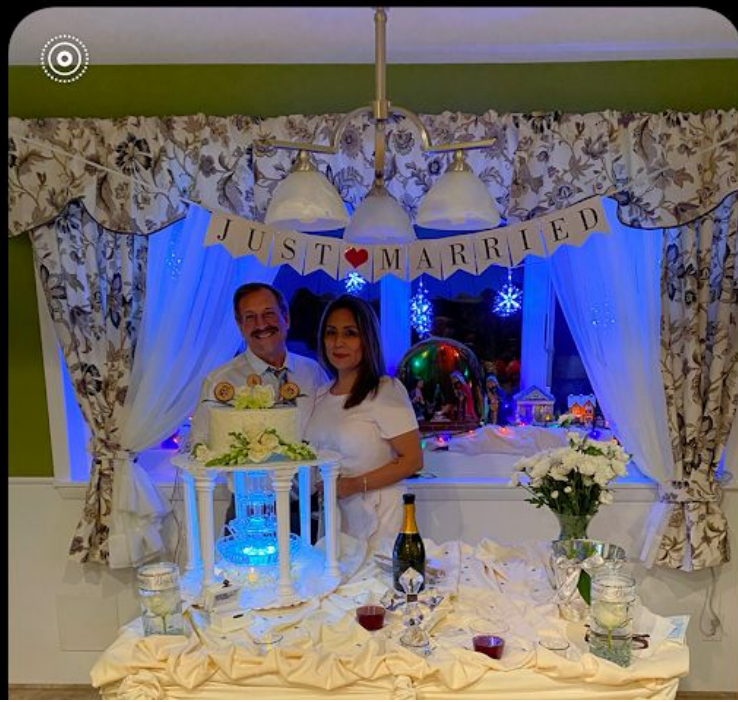

Besides being able to fix virtually anything , do you have any hidden talents ?

Although no longer physically able, my passion for many years was volleyball!!! Was my addiction!!

Wow! Was not expecting that ! Very cool

Did you take up any new hobbies or passions during quarantine?

Better, I (we) bought a new house and got married on 12/19/20!

Oops!!! 😬

HA HA

How did you and your wife meet?

You both work for south Huntington now correct ?

Yes!

Romantic!

She is a much harder worker than I am

I'm sure you're both equally hard workers!!

What is one song you have completely memorized ?

It is a song my brother wrote and recorded by himself, a song about my father!

Him and my sister sang it at my dads 80th birthday!

Awwww!!

My dad was a superintendent of schools when I was in high school!

Wow! What high school did you go to ?

Linton high school, Schenectady, NY

What was your first job ever and what did you learn from it?

My first job ever was working in a gas station, it thought me responsibility! My dad really taught me about respect and how to treat people!!!

Your dad sounds like a really wonderful guy
